EVERY CAR IS A FAMILY CAR

Every family has at least one thing in common with your own family . . . they love each other, and they want to stay alive. Keeping them alive—especially during this busy Fourth of July weekend—may depend upon the way you drive. Be cautious, considerate and courteous, remembering always that there are families in the other cars, too!

Observations

By Bob Walsh

TWO AND TWO EQUALS INADEQUACY

We are certain that when a school board sits down to prepare the room schedule for a new school that it does not do much of anything else before it totals up the number of pupils attending classes in the area involved. And next in line no doubt

is an estimation of how many will be attending classes in the new school in the years ahead.

When these figures are easily obtainable, a minimum certainly isn't difficult to total. And according to the many school board reports which we have had the pleasure of reading, the Warren Area Joint committee and the boards of the area should be well aware that when the doors swing open the new high school will be housing over a thousand pupils, and quite obviously there will be twelve hundred there within a very few years.

The junior class this coming fall will number well over 400, and you can be sure a major share of them will be around in 1960 when the diplomas are handed out. But will their parents be there?

Where will their parents sit when baccalaureate is held? Will dad and mother toss a coin to determine which sees their son or daughter graduated? Or will they draw straws, the white one going to baccalaureate and the blue one to graduation?

Everything being normal, four hundred students are entitled to at least two tickets each for both of these exercises. According to the arithmetic taught when we crowded beneath those towering spires this adds up to twelve hundred seats. And we have not allowed room for any of the faculty and a few others who might be necessary for a suc-

cessful event of this kind.

Not long ago one of our Warren organizations presented a program which was completely sold out and those promoting the event told us they could have sold five hundred more tickets. A few weeks later they did it again. Twelve hundred seats would have come in very handy. In fact, might not have been enough.

Not only is an auditorium with one thousand seats inadequate for community use, but obviously is far from enough for efficient school operation. One parent has figured that if all the classes missed because of a double assembly were added up over a ten-year period you come up with a sum that suggests a very doubtful economy. In fact, no economy but a complete loss.

If a thousand students lose even one hour of class one day a week for thirty-six weeks you have 36,000 lost class hours. You can take it from there with some interesting results, such as the cost of operating a school four weeks more than necessary a year!

The architect has revealed that we can have another two hundred seats for as little as \$12,000. A tiny \$12,000 added to a \$2-1/2 million building for the purpose of true efficiency within the school and to assure the community an adequate auditorium.

Time is running out on this one. Those final plans soon will be coming up for approval. We suggest that all the parents who may not see their children graduated, and who will not be able to find a seat at the baccalaureate services of tomorrow band together for some action this summer.

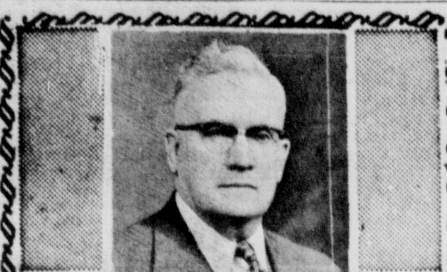

The fact is that we not only need 1200 seats, but we could use 1500. We predict that 1200 seats will be far short of the needed number a very few years after our \$2-1/2 million structure is in use.

BUYERS' CORNER

YOU AUTO BUY A ROLLS

That is what some of your major magazines and newspapers are about to tell you. The Rolls Royce people are spending a bit to make the Rolls a popular model among those who can afford them. It has many exceptional features which make it worth the money for those with the dollars.

Rolls made much use of power long before American cars started to advertise power brakes, windows, and steering. The Rolls is guaranteed for three years and has servicemen who visit you regularly to make sure everything is in order.

You can lubricate the entire car by pressing a pedal from the driver's seat. You can have a ride that fits the road by pressing a button which adjusts the shocks. Another button defrosts the rear window. If you

want a table surface for any reason, panels of French walnut come out from under the dash or from behind the front seats.

The basic lines of the Rolls stay the same and in about ten years you probably have not spent any more for your car than you would have for three or four cheaper models, and you have enjoyed the comfort of a Roll.

The amusing slant to all this is that the Rolls people are spending only \$200,000 on American advertising. Cadillac spends nine million! The small budget will be used for strong, large ads, one of which has the headline: "At sixty miles an hour the loudest noise in this new Rolls-Royce comes from the electric clock."

YOU HAVE COMPANY

It may please you to learn that 258 of the big radio advertisers have opinions about programs that no doubt conform with your own. For example, they do not think that the top tune programs are much good. A very small percentage consider such a program ideal for selling merchandise. About 44 per cent of those questioned preferred mild music, but with a good beat. They considered music programs based on so-called polls to be the little monster of the radio industry.

They also greatly preferred edited news programs rather than the straight reading of news off the wire. Only nine per cent preferred the straight news wire. Seventy-seven per cent thought a news bureau ought to be more than a name and that a more elaborate job of editing should be turned out.

News programs rated away up the line with these advertisers, which makes it difficult to understand why so many radio stations spend so little on adequate news work by truly capable help.

AS FOR LONG COMMERCIALS

You must be aware of the row that has been stirred up over the long commercials, and especially those which come in series of three or four between programs. All major spenders, networks, and agencies are cracking down.

A survey made by the Ad Bureau may reveal why. In fact it reveals what happens during most commercials. Twenty-eight per cent of the audience leaves the room, of which the reasons given are about equally divided between the kitchen, the children's room, household chores, and other parts of the house.

Twenty-five per cent of the audience study the tv schedule, look at the newspaper, a magazine, or write letters. Or they just talk with the family or make a phone call.

Ten per cent change channels. Twelve per cent leave the house to park the car, walk the dog, or run next door.

And there are those comprising two per cent who just don't watch commercials for reasons they don't give, but it is a blind spot to them.

This adds up to seventy-seven per cent, which leaves just twenty-three per cent of the audience squirming thru the commercials. Any approach which will change this, such as brief, interesting commercials, will be welcomed by the major spenders.

THEY KNOW WHERE

When it comes to getting results from advertising the radio and television stations know where to spend it. They upped their advertising in newspapers twenty-five per cent last year, spending a total of \$18 million! Even the magazines spent nine million in newspapers, a jump of 8.6 per cent.

STILL POLLING

The Lancaster Kiwanis Club took a poll recently to determine whether or not the recession were due to sales resistance or to a lack of sales effort. About one hundred people were asked if they had been approached to buy twelve items.

Out of a hundred the number asked to buy the following products were: automobiles, 34; home appliances, 15; office appliances, 26; homes, 7; fur coat for their wife, 1; new suit,

24; furniture, 7; membership in a club, 22; insurance, 50; color TV, 7; hi-fi, 8; vacation tour, 22.

In Brief

WARREN BOROUGH COUNCIL met in a special session Monday afternoon and adopted a resolution to sponsor the flood protection plan for Glade Run as submitted by the Department of Forests and Waters. The estimated cost of the project is \$344,400, of which Warren will pay over \$10,000. The state will stand \$280,500 of the expense.

The Glade Run plan includes construction of 3,340 feet of levee on the right side of the run starting about 720 feet upstream from the Highway Bridge, State Route No. 61037, with a four-foot freeboard above the computed water surface; improvement of the existing channel for about 300 feet on Glade Run and 260 feet on an unnamed tributary; a reinforced concrete channel with slab and walls one foot thick from the abutment of the Pennsylvania avenue bridge upstream 683 feet; and installation of eight drainage structures, 24 inches in diameter, to provide for disposal of local runoff.

The city fathers also approved the State Department of Highways \$18,000 plan to relocate Park ave. and the Park ave. bridge adjacent to Glade twp. Officers of council were authorized to work with the township supervisors on the project.

Construction will start once final plans are completed and given approval by council.

THE STATE TAX Equalization Bd. Friday certified that the 1957 aggregate market value of taxable real property in each of 2,402 school districts in the Commonwealth.

The legislative purpose of the board's annual market values is to provide comparative "wealth indicators" to be used with other factors in distributing state subsidies to school districts. The official purpose is not to provide a base for the levying of local taxes.

According to STEB, the market values just certified will be used by the Department of Public Instruction in distributing over \$300 million dollars in school subsidies

during the school year 1959-60.

The market value of all taxable real property in the Commonwealth in 1957 totals \$31,301,270,700 or 4 per cent greater than the previous year. The increase in the total state market value was due primarily to new construction being added to the local tax rolls.

In Warren Borough the 1957 market value is listed \$38,364,900, the assessed valuation for the 1957 county tax purposes at \$14,802,863, and the percentage of assessed valuation to market value at 38.6 per cent. The totals for Warren Co. in the same order are \$83,420,300; \$31,483,815; and 37.7 per cent.

PEDESTRIAN INJURED. Hardy Kifer, 64, of 1010 Euclid ave., Warren, suffered severe injuries to his right leg, lacerations about the face, abrasions and shock when he was struck by a car at 12:07 a.m. this morning while crossing Pennsylvania ave., E., near the Mohr Printery. Driver of the auto was Bruce F. Donaldson, Jr., of 316 Pennsylvania ave., E.

COURT RULING. The Pennsylvania Supreme Court has ruled that attorney Harold S. Hampson, Warren, is permitted to retain his post as solicitor in Forest County. The court claimed a solicitor is an employee rather than an officer.

The Forest County district attorney, Harold Foreman, had stated the county commissioners violated the constitution because the solicitor's post was that of an officer. If such were the case Hampson would be ineligible as he lives out of Forest County.

The ruling by the higher court reversed the decision of Judge Alexander C. Flick, Jr., which was handed down last May.

BRIEF CEREMONIES are planned to take place at the new Marine Corps League Home at 800 Pennsylvania ave., W., at 10 o'clock the morning of July Fourth when the General Joseph H. Pendleton

BURGLARIZED. Chet Munksgard points to the window where burglars made entry into his West Side Texaco Station sometime after midnight Sunday and made off with about \$28 from his cash register. A sheet of tin was used to cover the hole.

On the same week end the Jackson Keystone Station on the corner

of Pennsylvania ave. and Water st. was also entered and between 60 and 70 dollars stolen from a cash drawer. A rear door was jimmied to make entrance.

Warren Borough police are conducting a thorough investigation of the crimes, which they believe were committed by persons not to familiar with the locations.

Detachment will officially dedicate its new flag pole and the first Marine Corps flag ever to fly over Warren.

The special guest at the program will be Mrs. Helen Pendleton Rockwell, daughter of the late General Joseph H. Pendleton, who at one time served as commanding general of the Marine Corps.

Next of kin of all Marines of Warren County who have died or were killed are cordially invited, as well as representatives of veterans organizations.

Marine Corps members are asked to assemble at 9:45.

AND STILL SHORT of what's needed is the 172,000 tree seedlings planted in Warren county this spring, a part of the half million planted in the Cornplanter Forest District, which also includes Crawford, Forest, Erie, and part of Venango. Needed to place 68,000 acres of idle land into production would be 68 million. You can obtain such stock for fall and spring planting by writing the District Forester, Box 807, Warren, Pa. You also can get reforestation advice.

POLICE INTERROGATION of several young men supposedly sleeping out but found in an East Side garage used car lot about 5:30 Wednesday morning turned up a pair of stolen hub caps that had been reported taken about a year ago. Those questioned had purchased them from the thieves.

ABOUT \$150 DAMAGE was caused when vehicles, traveling in the opposite directions, operated by Myrtle Meely, 74, Pleasantville, and Guy Gifford, 60, of Tidioute, sideswiped last Friday near Tidioute. No one was injured.

MISSED CURVE. F. A. Froelich, 66, of Canton, Ohio, caused \$500 damage to his car when he failed to negotiate the curve at Lily Pond on Route 6. His wife, Pearl, age 60, required treatment for shock and bruises at Warren General Hospital.

STATE POLICE are continuing their investigation of the break-in at Swanson's Store at Chancellers Valley at 1:30 a. m. Wednesday. The burglars were noticed breaking into the building and made only a brief stay. The loss was not immediately known.

ROLLED 'ER. George Eckland, 21, 201 Dartmouth st., Warren, drove onto a soft shoulder just south of Warren Monday and rolled his car over. Damage was said to be \$100.

SOCIAL SECURITY representatives from Jamestown, N.Y., will not be at the State Armory in War-

ren as scheduled tomorrow (Friday), as it is a legal holiday.

The regular schedule, with hours from 11 a.m. to 1 p.m. will resume on July 8.

All persons who wish to file claims or receive information on Old-Age and Survivors insurance and Disability insurance are invited to come for interviews.

For a Safe and Sane Fourth

Here's to a perfect 3-day, Fourth of July week end: warm, sunny -- and safe!

Good weather makes your holiday more pleasant, and these tips about weather and traffic should help make it safer.

Traffic records show that most

accidents happen when the weather is ideal for driving. Here's the story:

Most accidents occur on Friday, Saturday, and Sunday. And the vast majority happen during clear weather, on dry roads, to cars in good mechanical condition, traveling straight ahead!

The worst hours? Between 1 and 6 a.m. and 4 to 6 p.m.

And the reason for the most accidents? Exceeding the speed limit. Last year, speeding was responsible for 13,200 deaths, and--hold on to your hats--837,600 injured.

So -- for a good week end be an extra-careful driver. Don't speed. Give the other fellow the right of way. Don't try to drive too far in one day--this keeps you out of the "dangerous hours." Stay in the right lane except when passing, and, when you do pass, check the rear and side-view mirror first.

Remember the accident statistics and you won't become one yourself.

Have a happy--safe and sane--Fourth of July!

Playground Events . . .

Next week at the supervised play areas in Warren the special activities will be a tricycle and wagon race on Tuesday, a dog show Wednesday, bubble gum contest Thursday and basketball skills tourney on Friday.

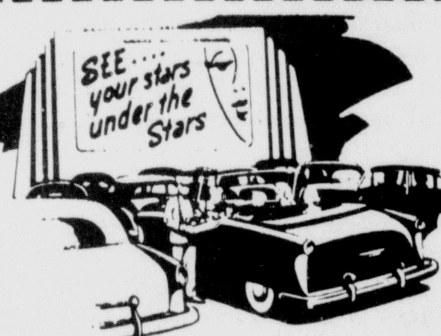

These events generally start about 3 p.m.

Tomorrow, the Fourth of July, the playgrounds will be open but not supervised.

Last week there were 9,089 youngsters counted at the seven playgrounds in the community, with the opening of wading pools at Memorial, Crescent and the Airport grounds a big incentive.

There are now 1,792 people registered.

JUNIOR CRUSADERS DRIVING PROGRAM ORGANIZED

A program geared to teach youngsters safe driving habits will start this week end at the White-Way Drive-In in Starbrick.

It is known as a Junior Crusaders program in which young boys and girls between the ages of 6 and 12 will learn safe driving habits by operating midget two horsepower stock cars on a small driving course.

The course will feature traffic and highway conditions which the youngsters will have to encounter while earning a driver's license. Later a Crusader Award can be achieved to qualify the operator for state competition.

The program is being sponsored

at the drive-in under the auspices of the Warren Farrah Grotto, an organization whose charitable cause is cerebral palsy, in cooperation with the Junior Crusaders National Association.

The sponsoring organization will screen and select applicants for membership, supervise the use of cars on the driving course, organize training, qualify drivers and run special events and races of qualified drivers.

To enter this safe driving project the youngsters should secure applications through the sponsors of the cars which will be used. To date these sponsors are the White-Way

theater, Pepsi Cola, Nino's Restaurant, Jim's Used Cars, Warren Baking Co., Bartsch's Furniture, Means Lumber and Shady Lawn Tourist.

The cars to be used are all 1958 models of various kinds.

The opening night of the program is this Saturday and the time from 6 to 9 p. m. at the drive-in. The Farrah Grotto will be running it each evening this summer, except on Sundays when the Crusade will be held in the afternoons. A special admission fee of 40 cents will be charged on Sundays for persons over 12 years.

FARRAH GROTTO committee members and their wives who will sponsor the Junior Driving Crusade that starts Saturday evening.

Pictured are (l. to r.) Chuck Lane, Mrs. Lane, president of the Farrah-ettes, Mrs. White, Mrs. Olson, Gib Olson, Ben White, B. Wilson, Dick Metzger, Emmett Ecklund, general chairman, Mrs. McMillen, and Jim McMillen.

In front of the group are three of the cars and some of the traffic signals which will be used on the driving course.

ASIDES

A FEW MAKE TROUBLE FOR MANY

It is easy to get a bit hot about Americans who are being held captive by other nations. In the eyes of the world it makes us look a bit weak when we allow Cuban rebels to hold three dozen of our citizens as hostages. And we would look a bit bullying if we were to use armed force for their recovery while letting bigger nations, like Russia, get away with the capture of our fliers.

But should we allow the actions of a few people set our nation afire with war? If people insist on placing themselves in a position that obviously is extremely risky it seems they are on their own unless they are sent there as a part of an official action.

There is the difference between the Cuban prisoners and our flying men. Both groups were where they didn't belong, but one group was serving our nation.

There is one angle that constantly puzzles us, and in fact is very disturbing. Why do we have so many planes over the land of other nations? We do not remember reading of our capturing Russian fliers over this side of the border!

HOW FAR THE RECESSION?

Those most trusted by this writer persist that the current recession will take another eighteen months to change into a boom. The tapering off may have already started, but an actual swing upwards is not anticipated before the late fall.

Pennsylvania's unemployment picture certainly is brighter than it has been. Every week sees it dip a bit more. The number of those now receiving unemployment checks is under 300,000, and the weekly number of new claims also continues to go down. At its present rate it could drop under 30,000 in July.

This, of course, is not a boom situation and it still is too large a figure. A year ago the number of unemployed checks was 118,743, and the number of new claims was about 19,000. The recession then was preparing to become a reality and the signs were there to be seen by those with economic vision.

TICKLISH EATING?

Don't be surprised if a mouthful of chicken one of these days tickles your esophagus. Feathers have been found to have values other than dusting and decorating. They are being ground into a meal and fed to the birds. The protein content is high.

Also ground up for chicken food are the other parts of their predecessors to the pot, such as the heads, feet, and other untasty portions.

EVERYONE IS WAITING

Unions in the tire industry are letting their contracts run out with no agreement in sight. But they are not striking. Like the boys in the car plants they are waiting. About the time the 1959 model production lines are ready to roll you can expect the strong hand to be shown.

PRESERVING FOOD

For \$1.25 you can take a corres-

pondence course that covers canning and food preservation. It includes jelly making, preparing food for the freezer, cooking frozen foods, how to store in cellars, how to cure meat, pickle and relish making, drying vegetables and fruit, nutrition needs, and many other problems of this nature. Address: Correspondence Courses, 202 Agricultural Education Building, University Park, Pa. ***

CONTRADICTS LEGION

The new superintendent of Erie's Pennsylvania Soldiers and Sailors Home, Carl W. Onda, refutes the American Legion's derogatory report on this institution. Admitting that nothing has been done by any administration to improve the home since WPA days, he mentions the current renovation program that will cost \$109,000.

He says that people seem to have forgotten the home, an example of which is the three tv sets for 250 men. Other hospitals and institutions receive many such gifts, but the Soldiers and Sailors home, located on the shores of Lake Erie, has been neglected by all. He also is instituting services in the lovely chapel which has come to be used for little but funerals. The services are open to everyone.

You are invited to visit the home when you are in Erie. The entire cost of bringing it up to standard will be about \$200,000, and the next general assembly will provide the difference.

SMALL WORLD

That will be the name of a new half-hour tv program which starts in September and sounds promising. It will be done by Edward R. Murrow and will consist of interviews with eminent personalities in various parts of the world. Three will be interviewed on each program and the subjects will be subjects of prime interest. This technique was used once on "See It Now". No time has been assigned.

DAYS WORK IN 8 MINUTES

A new automatic printer which will type letters so fast that an entire newspaper page could be done in eight minutes has been developed and is being used by the U. S. signal corps. An average typist does sixty words a minute. The world's record is 149. Most newspapers are set on casting machines which are going mighty fast when an operator turns out 36 words a minute. The Observer's electronic machines do about 90 words a minute. The new machine actually makes letters faster than you can say them. It still has no name in case you are getting ideas.

BASKETBALL PROPOSAL

Now that summer has fully arrived, let's talk about next winter. Ralph Santo, whose Sheffield teams always have been a credit to that community, suggests that a Warren county scholastic basketball league be formed. He proposes Sheffield, Warren, Youngsville, and Northern Area as entries. He probably left out Tidioute because of traveling distance which figures in his plan.

The idea is that this league would be played off in December during the tune-up period and would not interfere with the respective league schedules. The conference-type games would ready the boys for the regular league play. Though he suggests that Youngsville and Northern Area could count their games as a part of their Upper Allegheny league competition.

His idea is that the league would help the smaller schools set up a twenty-game schedule without having to travel very far. This would allow the students to see more out-of-town games played by their teams.

Mr. Santo also believes it would boost interest in Warren county basketball by giving fans a game of county-wide importance in each end of the county on Tuesdays and Fridays, and should boost attendance.

We do not oppose this idea, except from a Warren viewpoint it is not near as appealing as it might be to the others. Warren plays Erie and other major schools during December, which gives it much more practice and confidence than victories over smaller schools.

It also has nothing to win. If it becomes the champ, all fans will say it only has done what it should be able to do. If it loses, it is a chump.

However, we lean toward approval of the idea if some of the games could be played later in the year, and Tidioute were included. We don't believe Warren should give up the opportunity to play Erie Academy, Bradford, Erie East, Kane, and other outstanding opponents. This is important experience and a great morale builder if the boys do well and later have to meet some of these always tough foes in play-off encounters, as has happened many times.

OUTSTANDING MAGIC

Thinking with Ralph Santo turns our mind to magic, an art with which we suspect the Sheffield coach must be familiar, judging by the results he constantly produces with small athletic squads. But this thought takes us north to Chautauqua.

One of the best in the sleight-of-hand business will be there July 25. He is Paul Fleming, who does everything in the "now you see it . . . or do you" business from mental phenomena to pseudo spiritualistic manifestations. His technique is so sound that even his fellows often are as bewildered as we on the gullible side of the footlights. And he has the finesse and dignity to charm those he fools.

His very complete program includes the East Indian Magic, Testsin Mind Reading, Spiritualistic Manifestations, and the Hindoo Gong. Kicking that gong around is the suggestion that there is a possibility of people passing invisibly through space. This is stage illusion at its best.

If you like to be wizarded, this is your night . . . at 8:30.

TOP RECORDINGS

If you enjoy a fine collection of good recordings and are looking for additions the Saturday Review June 28 issue might prove enlightening to you. In the Recordings Section, on Page 42 and 43, are the top choices of the critics from 1948 to 1957 in all classifications except boogie, rock, jazz, and such.

We are not going to review the entire lot for you. The magazine will do that if you are sufficiently interested. But here are the critics' choices for 1957.

Broadway music is led by "The West Side Story" (Columbia) and "Around the World in 80 Days" (Decca)

Miscellaneous recordings are led by "Hamlet" as done by Gielgud for RCA, and Columbia's complete works of Anton Webern.

The most commendable enterprise goes to The Five Beethoven Piano Concertos by Rubenstein with an RCA label, LM 6702.

The oratorio leader was "The Messiah" (Bernstein) with Columbia label M2L 242.

The chamber music honors went to The Budapest Quartet with W. Trampler on a Columbia.

Fischer-Dieskau led the vocal with recitals on RCA-Decca.

Instrumental top spot went to "The Last Recital" by Lipatti on an Angel.

The most votes of approval were earned by Rubenstein's Five Beethoven Concertos on an RCA platter, LM6702.

Orchestral music was split between a Capitol Stowkowski including "The Planets" and "The Orchestra", and a RCA Montaux with "Firebird" and "Le Sacre", labels LM 2113 and LM 2085.

Spreading the operatic records was "Rosenkavalier" (Angel). Also considered were "Frau Ohne Schatten" (London), and "Entführung" (Angel).

Last Saturday the corps competed in the Legion parade at St. Marys and tied for second place in the drill teams division.

Miss Janet Makes a Hit Among Small Fry

The wife of a United Lutheran minister is hostess of Philadelphia TV station's daily children's show

Editor's Note: This story from the publication "The Lutheran" appears in this issue of the Observer as it is of special interest to many Warren people who became so attached to a young minister and his wife who once resided in Warren. They are the Rev. Curtis Allison, who served as assistant pastor of First Lutheran church, and his lovely wife, Cecilia, who was an active Y-Teen director.

If CECILIA ALLISON hadn't tried to take a nap one afternoon this year, she wouldn't be on television every weekday morning now. But she did try to take a nap, which is no small feat when you have a four-and-a-half-year-old girl and a 15-month-old baby in addition to leaving your television set turned on, and this is how she happened to hear an announcement that Philadelphia's WCAU-TV was looking for a young woman with a teacher's certificate to act as hostess on a daily morning show for small children.

She applied the next day, went through several eliminatory auditioning sessions, and came home with the job.

Cecilia Allison, whose husband, McCurtis Allison, is assistant pastor of Holy Communion (ULC) Church in Philadelphia, had some experience in radio and youth work. While her husband was associate pastor at First Church in Warren, Pa., she conducted a local radio program whose title was "A Mother's Notebook" and which called for some imagination on Mrs. Allison's part in so far as she was not a mother at that time. She also supervised activities for 250 teen-age girls at the Warren YWCA.

After an interlude in Germany where Pastor Allison was a military chaplain, the couple settled in Philadelphia. And now Mrs. Allison appears every day, Monday through Friday, on Philadelphia's Channel 10 as Miss Janet, the smiling mistress of Romper Room School.

It's a lot of fun, "Miss Janet" reports. The five youngsters with whom she acts out an

Cecilia Allison and the Romper Room kids

on-the-air kindergarten, participate in the show for two-week periods and are well behaved. "They're not even aware of the camera. They go about their activities as if it weren't there."

The cast seems to enjoy the show as much as the viewers. Duration of the program has just been extended from 30 to 40 minutes a day. And, Mrs. Allison says, she hopes the show will go on for a long, long time.

The early morning job does not conflict with her role as a minister's wife. In fact, she says, "It brought me a built-in audience. It seems that all the mothers in the congregation watch the show and keep us constantly informed of audience reaction."

WATERFRONT DIRECTOR. Miss Ardell Johnson (pictured), of Youngsville, is this season's waterfront director at Girl Scout Camp Birdsall Edey. She is being assisted by Miss Joan Clicquennoi, of Warren.

Another Youngsville woman, Miss Marsue Mortland, is the camp director.

TE LA DI O

TV CRITICISM MAY TRY NOVEL APPROACH

If a tentative plan takes the shape of reality this fall television viewers may read detailed reviews of new programs prior to telecast time. Critics and reviewers would pre-view the show on the day or evening before the actual telecast with the understanding that the reviews would appear in the next day's newspapers. This would give the home-viewing audience the opportunity to decide if the program were worth seeing or could be by-passed.

DuPont Company has proposed the plan and is ready to give it a whirl this fall. One of the biggest of TV advertisers, DuPont believes it will benefit the industry in as much as critics will be free to rave or pan, ratings and production standards will improve, and the viewer will be provided with a service to help him select his programs with discrimination.

A number of advertising sponsors have said they would adopt the plan if their competitors did and one network predicted the plan would become general practice.

There are some bugs or disadvantages but these are considered minor as compared with the ultimate effect on program quality and viewer selectivity.

It will be interesting to watch the progress of this latest innovation . . . to learn if the overall industry and the networks have as much confidence in their programming as DuPont has in the shows it will sponsor.

FIRST ON TV
"Face of a Hero", a 90-minute play, will be seen on television prior to its premiere on the Broadway stage. Adapted from the novel by Pierre Boulle, author of "Bridge Over the River Kwai", the play will be seen on Playhouse 90 next November and scheduled to open on Broadway in the early winter.

"Face of a Hero" joins a number of "showcase" productions, written primarily for the stage but introduced first to the television audience. It was once thought that

such procedure killed the market for future use in another medium, the movies or the stage, but actually it tests the production and frequently makes more money. "The Rainmaker" was a TV hit and followed with stage and motion picture successes. Others making the grade on Broadway and in Hollywood include "Visit To a Small Planet", "The Middle of the Night", "Patterns", "Twelve Angry Men" and "Marty".

FOR FALL

Liggett & Myers Tobacco Company has its fall programs lined up. It will retain "The Eddie Fisher Show" on alternate Tuesday evenings at 8-9 p. m.; replace "Dragnet" at 8-8:30 Thursday nights with the "Ed Wynn Show"; replace "Club Oasis" Saturday nights at 9-9:30 with "Steve Canyon"; and bring out two new shows, "Brains & Brawn" at 10:30-11 Saturday nights in the time spot held by "Hit Parade" (which will be seen on another network) and replacing "People's Choice" at 9-9:30 Thursday nights with "Behind Closed Doors", a filmed series on espionage.

Of interest to youngsters (and maybe oldsters, too) is the fact that "Sir Lancelot" and "Buccaneers" will be dropped by Kellogg Foods. "Woody Woodpecker", "Superman" and "Wild Bill Hickock" are safe for another season and a newcomer will be "Huckleberry Hound", an all-animated half-hour show.

SUMMER CONCERTS ON RADIO

"Music for pleasant listening during the Summer" will be featured on the "Nightline Summer Concerts" Monday evenings at 8:30-9:30 starting July 14 on NBC Radio. Works of popular, classical and semi-classical composers will be offered.

BOXING -- Light-heavyweights Jesse Bowdry, of St. Louis, Mo., and Jerry Luedee, of New Haven, Conn., clash in a 10-round bout at the Kentucky Fair and Exposition Center in Louisville, Ky., Fridaynight, July 4. Gillette Cavalcade of Sports will cover the feature on NBC-TV and Radio at 10 p. m.

Winner of the fight will be interviewed immediately after the bout on the NBC network show "Fight Beat".

Bowdry, very active this year, has won seven 1958 bouts. Luedee has not fought since a December loss to Yvon Durelle.

BASEBALL - This area will see the Pirates in action this week end with Pittsburgh playing in Cincinnati on Friday afternoon and in Milwaukee on Saturday and Sunday. WJAC and KDKA will carry all three games. Consult TV Schedule for game times.

CBS Baseball Game of the Week at 2:25 p. m. Saturday will be between the Philadelphia Phillies and Cincinnati Redlegs. WBEN-WFBG-WSEE.

NBC Major League Baseball at 2:30 p. m. Saturday will feature the Pittsburgh Pirates-Milwaukee Braves from Milwaukee.

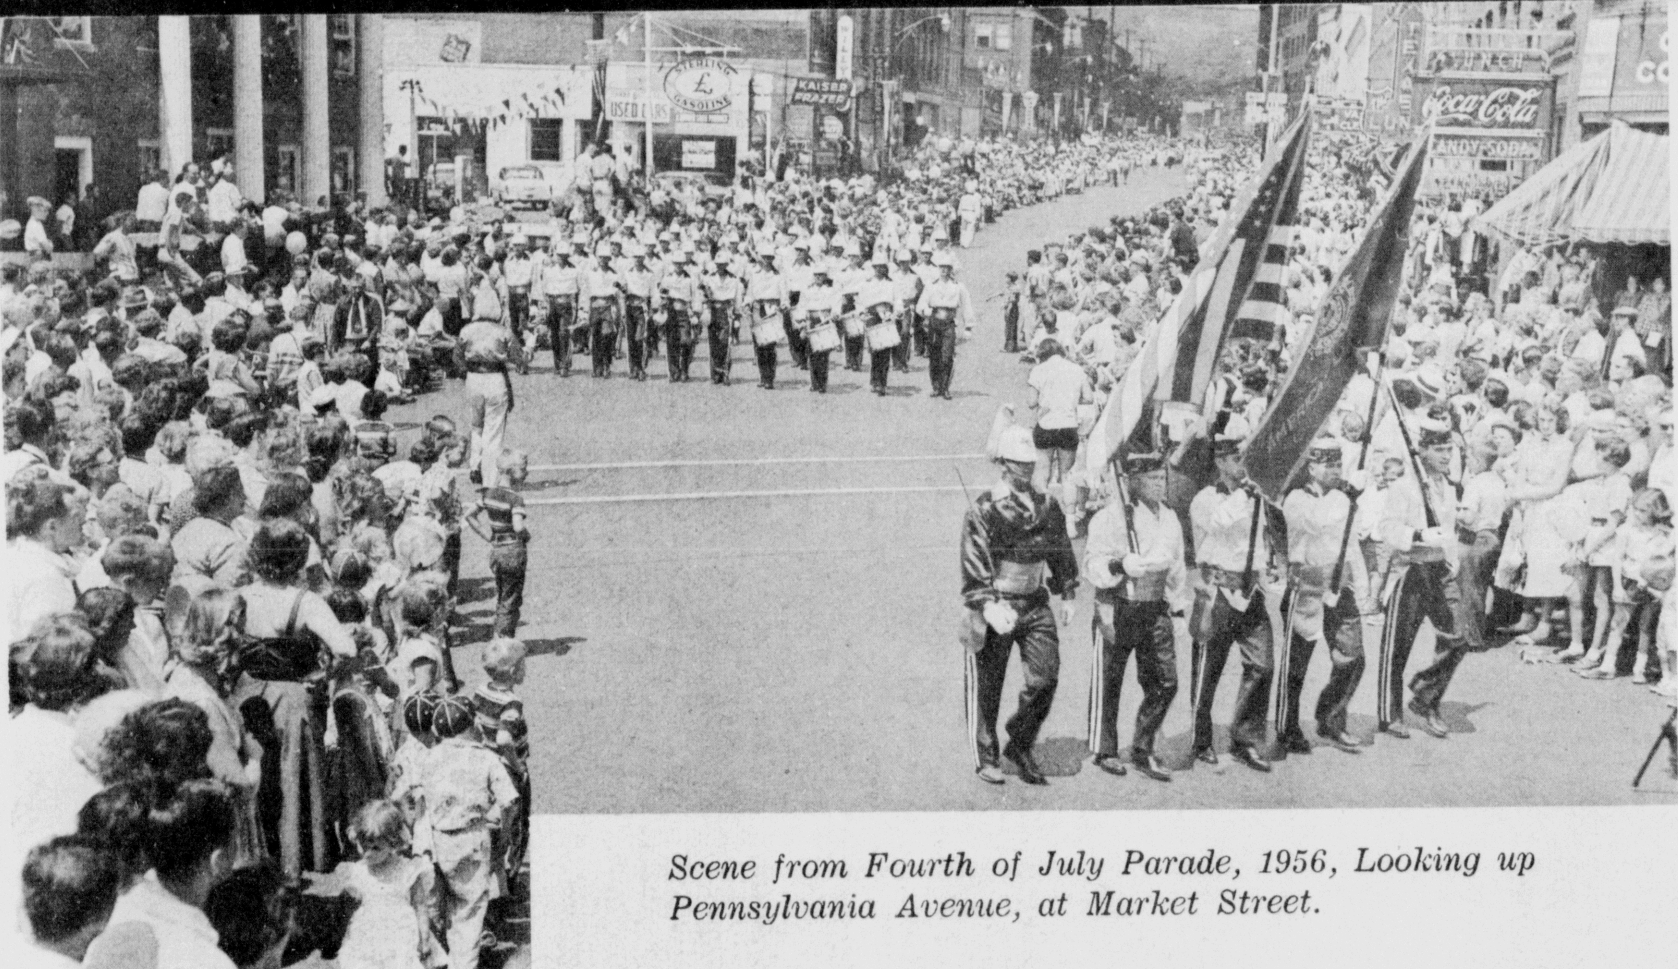

WFBG-TV will carry a Sunday game at 1:55 p. m. between Philadelphia and Cincinnati.

SOCCER - Canadian Scots will meet the Montreal Cantalia in a National League Soccer match on WBEN-TV at 3 p. m. Sunday.

NBC RACES COMING - NBC-TV and Radio networks will cover "Racing from Monmouth" on three successive Saturdays starting July 19, from 5 to 5:30 p. m.

"loyal hearts are beating high"

"Hats Off, Hats Off! The Flag Is Passing By!" The Warren Bank and Trust takes its hat off also, to the Warren J. C.'s, and every single person who works so hard each year to give "Our Town" a wonderful Fourth of July Celebration!

"Loyal hearts are beating high" . . . for everything that it takes to make our country the finest example of a government "of the people, by the people and for the people" . . . And those ideals of American Democracy may start in the hearts of a small boy watching a Fourth of July Parade.

Television and Radio

By John Crosby

Two of the best shows I have seen on television all year have featured respectively Maria Callas, on Granada in London, and the Moiseyev dancers on the Ed Sullivan show here. In both cases, you might well say they have just stuck a camera in front of performers whose merits had clearly been established on the stage -- but then what is the matter with that?

Both Miss Callas and the Moiseyev dancers have that rare star quality which stays imbedded in your mind for a long time; they are both unusual insofar as television, particularly recent television, goes in that they are memorable and the trend is all the other way -- toward creating television that no one can remember for more than five minutes.

Stepping out in front of an ordinary television studio audience Miss Callas was greeted with such shattering applause that it held up the show. The Moiseyev dancers in front of the Ed Sullivan audience, which is not to be confused with that at the Metropolitan Opera, aroused wild enthusiasm, too. In short, great art is also popular art. The critics are now always in the minority. Sometimes the people agree.

I was lucky enough to have seen the Moiseyev dancers at the Metropolitan Opera and I'm happy to report that their exuberance and charm and their extraordinary muscular stamina and vitality came across just about as well on camera as on stage. It's true the cameras had to retreat to the second balcony from time to time to get it all in. But, in general, the camera work followed the dizzy speed of the dancers with extraordinary skill. The only real lack was color. On stage, the costumes were vivid and gay and spotless.

A derisive snort cutting through the translation of Igor Moiseyev's gracious curtain speech, lent an ill-bred and very jarring note to the

evening. A lunatic fringe persisted in regarding the Moiseyev dancers as Communist plotters planning the overthrow of democracy. Boos were heard opening night at the Metropolitan, too. Mr. Sullivan after a look of shocked surprise, wisely ignored the interruption.

We had better hug such events as the Moiseyev to our bosoms because they are getting to be rare indeed. In fact, entertainment is gradually being stifled altogether. Television is gradually -- gradually, hell, rapidly -- becoming a huge bingo game.

On Monday the networks unleashed four new gambling games of various degrees of density -- two on CBS in the morning and two more on NBC in the afternoon. I understand "The Price Is Right" is one of the hottest properties on television and CBS is trying hard to catch up. To me, "Price Is Right" was just lukewarm the first time I saw it, tepid the second time, and pretty frigid from there on in.

I am no judge of the popular tastes but I cannot believe it wants this much of these games. It is now possible with a little judicious dial-twisting to get through the day practically without ever losing sight of an emcee screaming "You're exactly right, Mrs. Nussbaum" and then giving her a free trip around the world for two or, at very least, a new freezer and four frozen steers.

You can start at 10 a.m. (New York time) on CBS with "For Love or Money" and apart from a half hour around lunchtime, you can watch the procession of loot on "Dough ReMe", "Play Your Hunch" (another new one Monday), "Treasure Hunt", "The Price Is Right", "Dotto", "Tic Tac Dough", "It Could Be You", "Beat the Clock", "Lucky Partners", "Haggis Baggis", "Bingo-at-Home", and "Queen for a Day". By that time it's 4:30 in the afternoon and you will have seen more washing machines given away than you knew existed.

There's no use pretending all these shows are alike. "Queen for a Day", which is ten or eleven years old, is as unlike "Haggis Baggis" which is two days old as Fontainebleau is unlike Versailles. "Queen for a Day" is old-fashioned grief mixed with greed whereas "Haggis Baggis" is pure streamlined giveaway in the modern manner. The new ones are all refinements on what we used to call Lotto when I was a kid. But that was a long time ago, before television, when we used to play our own games rather than let an emcee play them for us on a lighted screen.

MR. AND MRS. EDWARD W. HONHART

Over 100 guests greeted Mr. and Mrs. Edward Honhart on their 50th wedding anniversary Saturday, June 28th, at an open house given by their children Mrs. Arthur Brown, Fair-

BOY SCOUT CALENDAR

July 6 - Camp opens for campers.

THE ANNUAL PICNIC . . . sponsored by St. Michael's church in Sheffield, will be held this Sunday, July 6, at Deerlick Run. A halupki dinner will be served beginning at 12:00 o'clock, and there will be dancing in the afternoon and evening.

NATIONALLY KNOWN floral designer Clark Kennedy, of Buffalo . . . will appear for a two-hour demonstration at the annual Warren Garden Club Flower Arrangement Clinic in Warren next Thursday, July 10. The event is scheduled to start at 1 p.m. in the YWCA building.

The Garden Club plans the event as an afternoon program to include two hours of actual arranging of flowers by Kennedy, in addition to a talk and a question and answer period.

Tickets for the show are on sale to the public at the B & B Smoke Shop and the United Cigar Store.

A JOINT FAMILY PICNIC . . . sponsored by the Warren, Kane and Youngsville Kiwanis Clubs, will be held at Chapman Dam Park Wednesday, July 16. The picnic will start about 1 p.m. and continue on until 9 p.m. There will be swimming, boating, and fishing. Supper will be served at 6:15.

Tickets are priced at \$1.50 for adults, children 75 cents, and children under five years of age will be admitted free.

Chairmen for the inter-club gathering are Joseph Galbo, Kane; Willis Johnson, Youngsville; and Bob Anstadt, Warren.

HOLIDAY GALA DINNER-DANCE . . . for Conewango Valley Country Club members will be held Saturday, July 5, starting at 8 o'clock. Music will be furnished by George Johnson's orchestra. Chairmen of the affair are Mr. and Mrs. Harry F. Speidel, and ask that reservations be made as soon as possible.

WARREN COUNTY HEART ASSOCIATION . . . will hold its first annual meeting next Tuesday, July 8, at 12:10 in the YWCA. The schedule will include installation of newly elected officers and annual reports will be given.

EXHIBITORS . . . who look forward to next year's Talent Recognition Art Show at the Woman's Club, will be glad for advance information on the rules and for the reasons for several changes in procedure. Due to the increase in number of entries and to the limited wall space in the auditorium, each exhibitor may submit two entries as heretofore, but only one of which may be in oil. The committee hopes to encourage more entries in the water color and graphics sections.

Attention is called to the fact that entries will be received on one day only. This gives the Entries Committee one full day in which to do its work, and thus enables the Hanging Committee to have a full day and evening for the work of arrangement and hanging.

Also to be noted is the fact that the work of grade and high school students has not been accepted for a number of years due to the lack of space, and to the fact that many educators in the public schools feel that competition is in violation of the principle that process is more important than product for this age group.

The steadily increasing interest among amateurs and the general public augurs well for next year's Talent Recognition Art Show.

FOR THE LADIES

MEMBERS . . . of the Warren County Volunteer Firemen's Auxiliary will travel to Bear Lake tonight (Thursday) to meet in the fire hall there at 8 o'clock.

WOMEN OF THE MOOSE . . . Warren Chapter 693, will hold their regular meeting next Wednesday, July 9. Members will gather at 8 o'clock in the Moose Club.

A DESSERT-CARD PARTY . . . will be held by members of the

DERBY SITE MOVED

The Warren Soap Box Derby on Saturday, July 12, will be run on McPherson Street instead of on Central Avenue as last year. The new racing site is more desirable than Central Avenue as it is longer, wider and has a smoother surface, Jaycee Derby officials stated.

A parade and a pace-setting race between Frank Burgett, 1957 Warren winner and Dick Boyle, 1957 Bradford winner will precede the races.

Trophies will be presented at a banquet to be served by the Jaycee Auxiliary after the races.

EIGHT BOUTS PAIRED

Eight boxing matches have been arranged by Don Elbaum, Erie, for the Jaycees amateur boxing show on War Memorial Field on Friday night, July 4, at 7 p.m.

Nino's Restaurant clipped Jones Chevrolet, 12 to 1. John Berdine hurled a four-hitter for the winners and struck out the side in the ninth to end the game. Nino's got off to a flying start in the first inning by scoring three runs on doubles by Schmader and Henry and a homerun by Snuffy Stephens.

THE FLYING DRAGONS -- title of Warren's Model Airplane Club -- put on a public performance last Sunday afternoon at the Warren Airport.

Over 50 planes were on hand with their owners for demonstrations, including those in this picture taken by Dr. George D. Webster.

Local members seen are (l. to r.) kneeling -- Bill Coddington, Jim Fredrickson, Michael Brennen, David Samuelson, and Les Gustafson; standing -- Russ Gustafson,

Bob and Daniel Webster, Eugene Moore, Craig Donaldson and Carl Jenkins.

The two-winger plane, a Foker D-7 and an actual scaled German model with 300 working hours on it, was built by Fred Maier. The large model is also owned by Maier and Les Gustafson and is a combat radio controlled job. The third was made by the young man holding it and is a free flight powered by a .020 engine, the smallest in production.

The announcement of new handicaps for CVCC golfers came through for the month and this time were of vital interest because of the club championship qualifying which begins Sunday. The ninety-six golfers are divided into four flights, in which they play for the regular weekly competition, and in which they now will play for the respective crowns.

In the first flight and eligible for championship matches at the present time are the following (with handicap for 18 holes):

DEER HURTING FORESTS

A release from the Pennsylvania Forest Industries, which is titled "Trees Make News" and comes regularly to desks such as those belonging to editors, this week emphasizes the need for deer control. The subject of course has at least two approaches. One concerns those who want better deer and good hunting. The other is the problem of those who work for the growth of trees, plant life, and farm products.

The forest industry has a major stake in this situation and perhaps sees a side which has not occurred to many who measure the outdoors only as it relates to their pleasure. Here is the industry's story.

SEMINAR POINTS NEED FOR DEER HERD CONTROL

The need to control the size of Pennsylvania's huge deer herd was sharply pointed up at a recent deer management seminar at Penn State University, according to a spokesman for the state's wood dependent industries.

George F. Patterson, Wellsboro, chairman of the Pennsylvania Forest Industries Committee, said seminar speakers emphasized that the damage to forest lands by deer overbrowsing is a threat to future existence of lumber and pulp industries in the state.

Among the seminar speakers, Dr. W. C. Bramble, acting director of the Penn State School of Forestry, said deer overbrowsing of forest lands is resulting in "a lost generation of trees." Because of deer eating tender young seedlings, the trees that should be starting now are not coming in. "We may wake up some day and find it is too late," he warned.

Dr. Bramble said studies carried out by the School of Forestry showed that where deer were in heavy concentration "it was practically impossible to practice good forestry and to reproduce present forest stands after cutting desirable timber species."

The same studies also showed that heavy deer populations make tree planting "hazardous," the forestry educator said. In many areas, he added, deer have destroyed entire plantings and made "Christmas tree growing impractical."

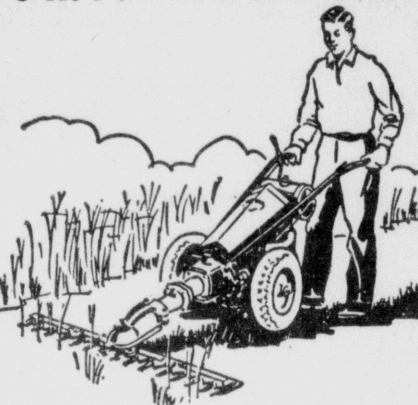

Another speaker, Prof. Ward M. Sharp of the School of Agriculture,

discussed the impact of deer on a variety of forest plants. The native wild grape plant, he said, could be eliminated if heavy deer browsing continues. Sassafras, greenbrier and blueberry bushes are all subject to heavy deer damage, he said.

Sharp pointed out that even where tree seedlings survive heavy browsing, it is "highly questionable whether these survivors will ever develop into merchantable timber. The end result may be nothing more than trees with gnarled, twisted and deformed trunks."

The agriculture educator said the problem of maintaining proper balance between deer and forest conditions is a problem in which "every citizen of the commonwealth has a profound responsibility. We cannot afford to stand by in the face of an ever increasing human population and permit even one of our resources, whether it be pure waters or sound healthy forests, to be depleted and wasted."

DU PONT PAINTS

The North Warren Fire Dept. this week purchased this Ward LaFrance "Fireball" fire truck to replace their 1923 American LaFrance vehicle.

The new pumper will push 750 gallons of water per minute, has a 500 gallon booster tank, and carries 1400 feet of two and one-half inch hose and 500 feet of inch and a half.

The NWVFD has had its American LaFrance since 1947 and is keeping its present 1951 Ford pumper which will shoot water at a rate of 500 gallons a minute and has a 500 gallon booster tank.

The first truck purchased by the volunteers when they organized in 1941 was a Model T Ford.

WARREN BOY CHOIR AT CHAUTAUQUA

OVER HALF of the 50 some boys in attendance at the Warren Boy Choir Camp now going on at Lake Chautauqua.

A VISIT TO CHAUTAUQUA

Friday offered us a sunny afternoon and the opportunity to visit the Warren Boy Choir and boys from other communities at their camp at the famed Chautauqua Institute.

The regular choir, the second choir and 20 other campers are enrolled at the summer colony for a three week period which ends on July 13.

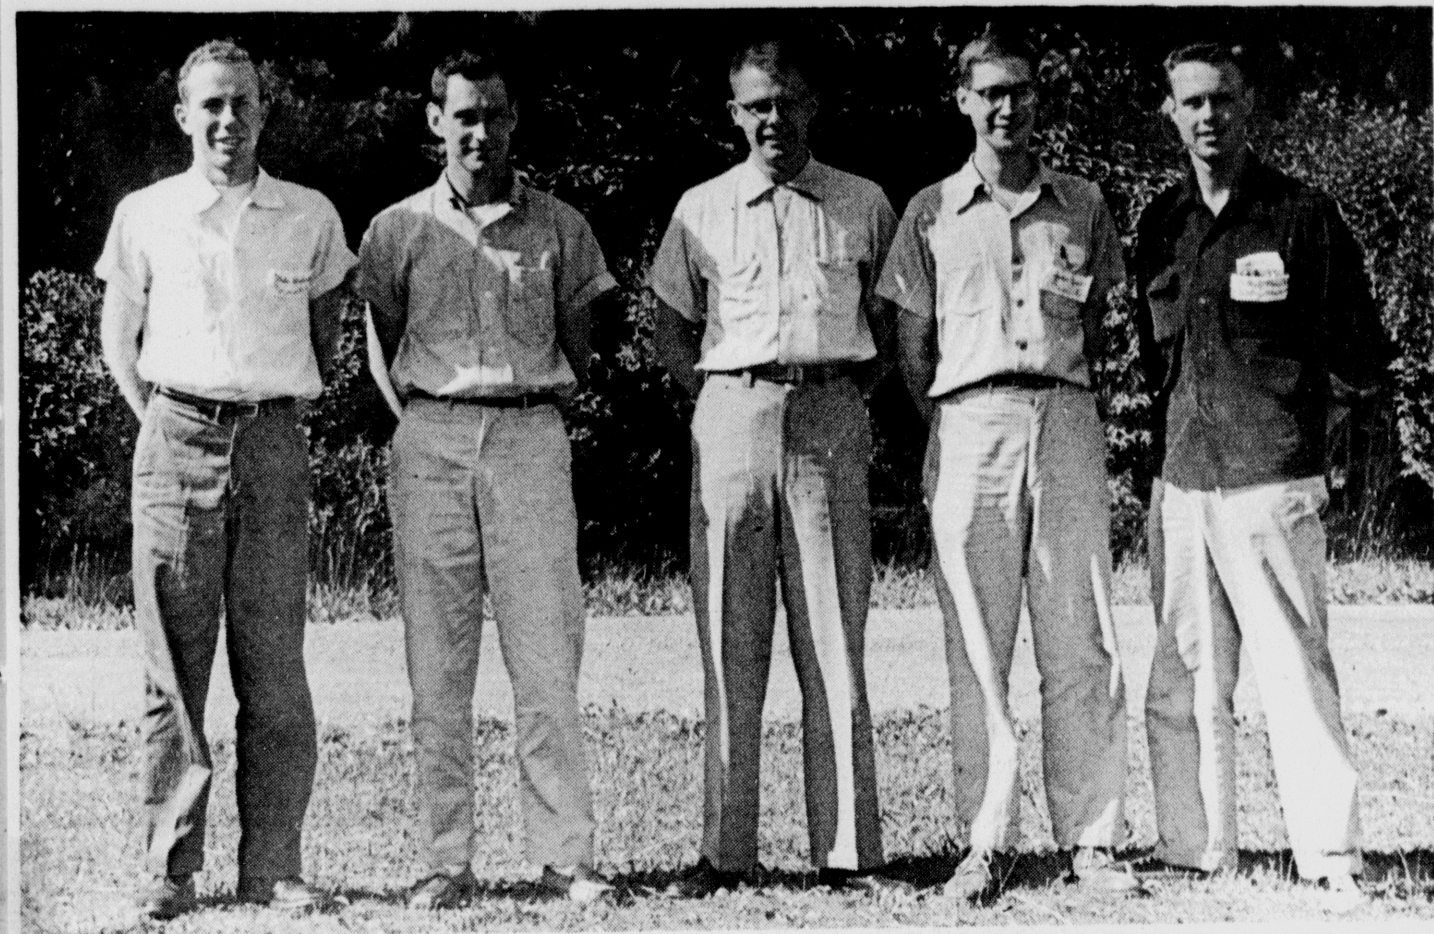

During this time they are receiving musical training under director Byron Swanson and his staff and are enjoying other camping pleasures as indicated by the pictures here.

The chorus was first heard in the amphitheater on Wednesday of this week and will appear for a second concert on July 10th.

THE PLEASURE OF MEETING this personable 12-year-old alone was worth our visit to the Warren Boy Choir Camp at Chautauqua last Friday afternoon.

He is Mark Ritts, of West Chester, the son of Paul Ritts, puppeteer who has appeared in the Big Top television show in Philadelphia.

This young man has magic for a hobby and once his equipment all arrives he will be sharing his talent with the other campers.

COUNSELORS (l. to r.) Dale Westerman, of Westminster; Ted Chardson, who holds an A. B. from Westminster; Dean Blair, head counselor who has received an A. B. from Stetson University and a masters degree from Eastman College of Music; John Specht, of Westminster; and Gordon Odmark, of Grove City College. Blair and Odmark are both Warren men.

Staff members not pictured are Byron Swanson, choir director; Miss Adelaide Swanson, choir accompanist; H. B. Pettit, public relations man; Mrs. Louis Check, registered nurse; and Mrs. Putnam, head cook; William Prunty, with a masters from Eastman; and Donald DeBald, waterfront director from the University of Pittsburgh.

BEAUTIFUL LAKE CHAUTAUQUA provides the background for the outdoor music class being con-

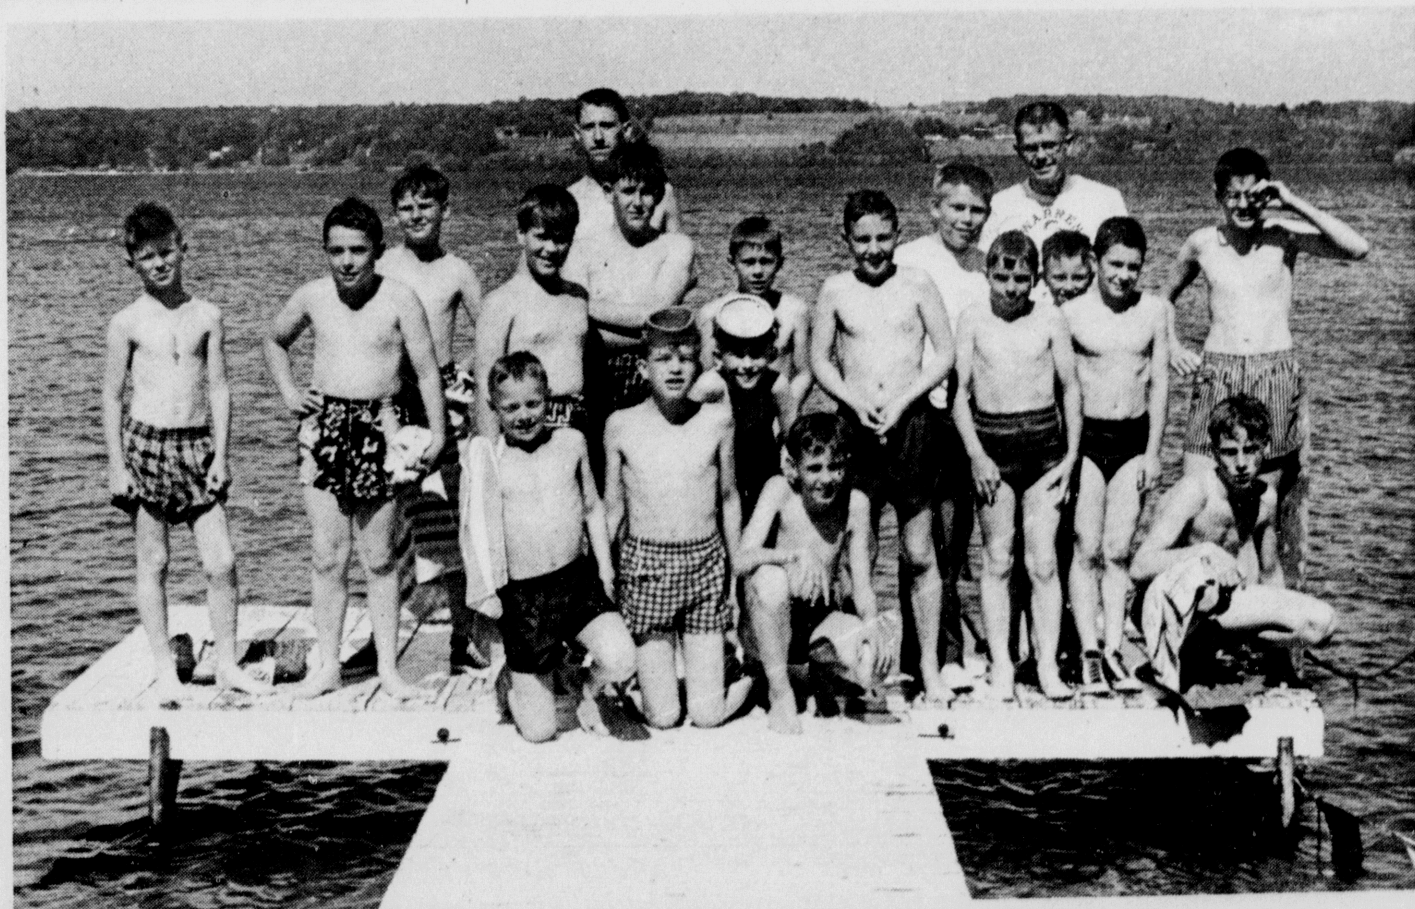

ducted by head leader Dean Blair (r.) and John Specht. Students, all from Warren, are (l. to r.) seated--

Randy Roberts, Harry Smith, Chuck Barone, and John Check; standing--Robert Hayes.

TWO WARRENITES Butch Tranter and James Kahle are caught in the act of relaxing on their bunks with their craft project after the afternoon activity period.

IT WAS A BIT CHILLY, but this group of choristers decided to take advantage of the swimming facilities at the camp. Waterfront director DeBald and head counselor Blair are in the background.

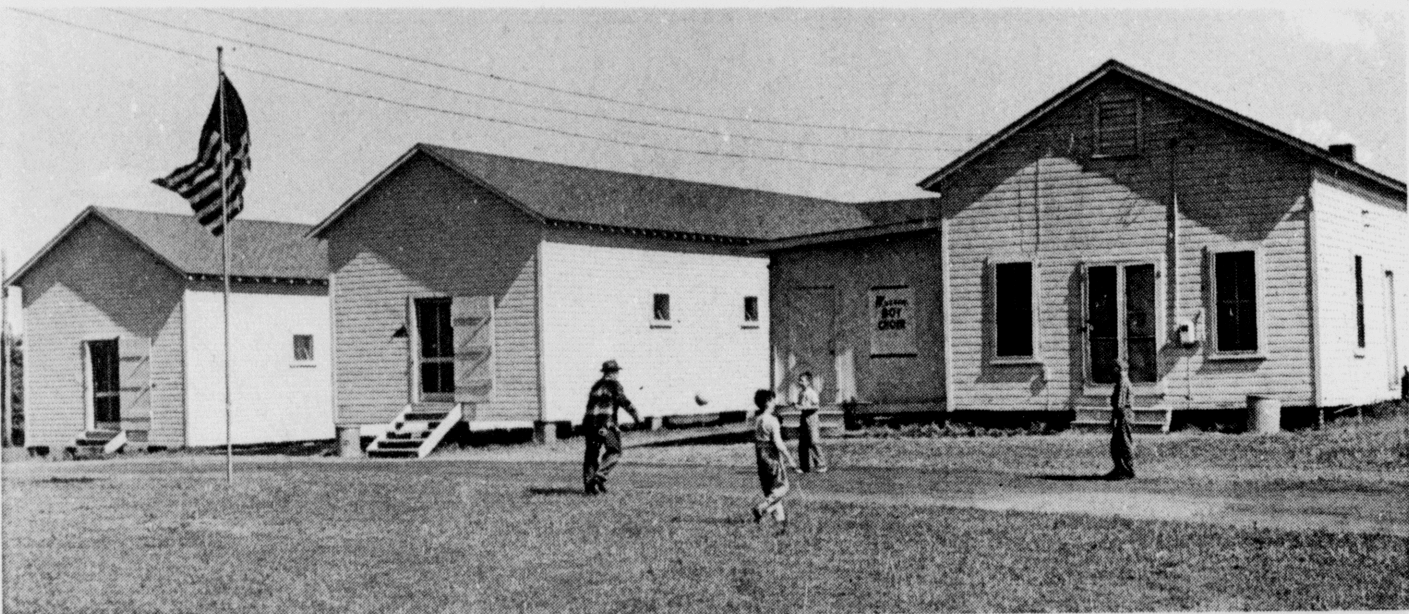

COUNSELOR ODMARK and camp members take time off from their

vocal studies to polish up on their baseball.

CAMPERS AWAIT the server's return in an afternoon volleyball match. Forming the six man team pictured are (l. to r.) front--Robert Crott, of North East; Charles Barone, of Warren; Peter Haydu, of Long Island, N.Y.; back--Butch

Tranter and James Kahle, of Warren; Bruce Powers, of Poland, O. Observing the game are, same order, Henry Dahl, Frank Nichols, Den Sampson, counselor Prunty, and Mr. Pettit.

SLEEPING QUARTERS that choir boys occupy at Chautauqua.

A CHICKEN DINNER was served boys at the YMCA Camp on Lake Erie Sunday to give them a hearty send-off on the second week of camping.

Thirty boys and eleven leaders are occupying the site for this period. Last week there were 52 young campers and a staff of 14.
